RE: United States v. Schulte, SS 17 Cr. 548 (JMF)

Dear Judge Furman:

I write to notify the Court that I am unable to meet the 3/11 Omnibus Reply Deadline. The Court gave me 2 weeks to file the reply; however, the government's opposition was filed classified pending review, and I did not receive it until Friday 3/4. I had other classified briefs due that day and have yet to even read the government's opposition. Since the opposition is classified and I attend SCIF twice per week, 14 days of SCIF would take 7 weeks. I ask for 6 SCIF days, or 3 weeks until 3/25/22.

I note for the Court that 6 SCIF days may not be sufficient, in which case I will request more time. The most difficult part will be case law review - in accordance with the rules governing classified material, I cannot merely copy government cases to remove from the SCIF and search at the MDC. Although it sounds absurd, since the government did not portion mark the cited cases as unclassified, I do not have the authority to declare them unclassified and remove the cited cases from the SCIF; this would be a security violation. Accordingly, I may be unable to file any reply until the CTA completes its classification review and files an unclassified version.

Application GRANTED. Defendant's deadline to file any reply in support of his omnibus motion is hereby extended to **March 25, 2022**. No further extensions will be granted. The Clerk of Court is directed to terminate ECF No. 734. SO ORDERED.
